Project #12414 – Red Light Running Camera Implementation Guide

http://utca.eng.ua.edu/projects/new_project_results.asp?new_project=12414&submit=search

Record Type: UTC

The objective of this project is to develop a guidance document for the implementation of red light running cameras in Alabama. The document will be developed for the Alabama Department of Transportation (ALDOT). It will provide guidance for both the District/Division offices and local governments for the installation of red light running cameras at signalized intersections.
