Project #13402 – Development of the ALDOT Roundabout Design and Operations Manual

http://utca.eng.ua.edu/research/projects/?id=13402

Record Type: UTC

The objective of the proposed project is to develop a guidance manual for the planning, design, construction, operation, and maintenance of roundabouts in the State of Alabama. The document will be developed for the Alabama Department of Transportation (ALDOT). It is intended to ensure consistency across the State in the implementation of roundabouts at new installations and in the case of retrofit/redesign of existing intersections.

Start Date: 2013/02/13
End Date: 2014/12/31
Status: Active
Contract/Grant Number: GR24173
Secondary Number: UTCA Project #13402, Proposal # 13-0075
ALDOT 4321-0199-281-HSIPM-100059810-2
Total Dollars: 307618
