Project #14416– University of Tennessee - The University of Alabama Support for MRI 3 – Exploration of Socio-Demographic Characteristics and Culture as Factors in Differential Safety Performance across Geography

http://utca.eng.ua.edu/research/projects/?id=14416

Record Type: UTC

The University of Alabama (UA) will assist the execution of Major Research Initiative (MRI) 3 - Exploration of Socio-Demographic Characteristics and Culture as Factors in Differential Safety Performance across Geography. MRI 3 is being led by the University of South Florida and University of Tennessee. UA will work with USF and UT to collect and analyze data on crashes and related socio-economic factors affecting the occurrences of these crashes. UA will primarily be responsible for collecting, compiling and analyzing data from Alabama and Mississippi. UA will provide additional technical assistance in developing predictive models and other analytical results from the data across the southeastern region.

Start Date: 2015/01/01   End Date: 2015/12/31
Status: Active     Contract/Grant Number: GR24958
Secondary Number: UTCA Project #14416, Proposal # 15-0004
Total Dollars: $24,662.00
Source Organization: University Transportation Center for Alabama

Sponsor Organization
The University of TN
Center for Transportation Research
Suite 309 Conference Center Building
Knoxville, TX 37996-4133

Performing Organization
University of Alabama, Tuscaloosa
Civil, Construction, Environmental Engineering
Box 870205
Tuscaloosa, AL 35487
